Welcome to the Spring 2016 FiberCell Newsletter.

Not only does Spring bring showers and flowers but also a busy scientific conference schedule!

Please be sure to stop by our booth and say hello. In addition to seeing what is new at FiberCell Systems, you also could win an iPad Air!

Where is FiberMan? Join the Contest to win an iPad Air!

All you need to do to win is get a FiberMan temporary tattoo at our booth at one of our upcoming conferences. You can also send us an information request and we will send you some. Apply the tattoo anywhere you like (suitable for the general public of course)! Make sure we can see FiberMan. Then simply post the photo on our [FiberCell Systems facebook page](#) and share it. **The most interesting, amusing, entertaining photo will win an iPad Air.**

Opinion is of the judges only, no purchase necessary to win. Contest ends June 30th.

Find us at these shows:
